

May 2nd, 2023 h 09.00-16.00

International Workshop Cyber Security, Strategy and Law

**CENTRO CONGRESSI LEVANTE , Sala 6 - 7, Fiera del Levante
Ingresso "Agricoltura" , Piazzale Vittorio Emanuele Orlando, n. 3, BARI - Italy**

The event aims to connect senior public administration officials, academics, industry, and business representatives working in the cybersecurity sector, in response to the European Commission's call to raise awareness of threats existing in cyberspace, following their exponential increase.

Objective of the event is the sharing of defense and resilience strategies in the National, European, and international context with a look at the best practices of one of the countries most committed to cyber defense, Israel.
